

ISABEY COLLECTIVE
the intention of design

isabey
COLLECTIVE

THE STORY BEHIND THE COMPANY

The Isabey Collective is the evolution of 3 companies coming together, creating a complete home solution. At the centre we have Isabey Interiors, an award-winning design agency and at the core of every Isabey Interiors concept is the Intention of Design. The Intention of Design sets the foundation central to the wants and needs of the inhabitants. The Intention of Design is about your project’s purpose for connectivity, health, sustainability, and aesthetics.

Isabey Interiors is recognized as a change leader in our industry and are positioned for expansion across North America. We have recently opened a Vancouver division and are planning to open a Toronto office by Spring 2024. Additionally, we design internationally in places like Hawaii, California and Jackson Hole.

At the Isabey Collective you will experience the boutique approach of client service with the depth of a multi-talented, highly accredited group of design and building professionals. We collaborate to create functional spaces with leading edge design, always with your budget in mind.

We are a purposeful design company...

Our clients count on us for decisive answers and assertive problem solving. They have come to expect, and we demand of ourselves, the excellence to provide knowledgeable and opinionated responses to all of their design needs.

leadership
TRISHA ISABEY

FOUNDER AND CEO

Trisha Isabey is the Founder and CEO of the award winning Isabey Interiors. This sought-after designer shares more than a decade of experience, with a diverse and extensive portfolio including custom homes, multi-family developments and commercial projects.

Trisha’s background as a professional stockbroker and financial planner made way for a career in interior design – not a huge stretch, given that her business acumen was matched only by her love of design. After more than a decade in the investment industry, she became an interior designer and founded Isabey Interiors.

Isabey Interiors is a multi year winner of the Okanagan Housing Award of Excellence - Interior Designer of the Year.

Trisha has expanded the Isabey Collective to offer a furniture and home decor store called *Furnish* by Isabey Interiors, and a custom artisan gifting company called *Furnish for You*. These additions now bring the process full-circle for Trisha and her clients by servicing the entire project, from the concept of construction drawings to complete furniture and decor packages.

Isabey, like any well designed home, was built with a strong foundation of ‘people first’ approach.

At the core of every Isabey Interiors concept is the
Intention of Design.

COLLECTIVE

WHAT ARE THE RIGHT PARTS

Think of your design as an orchestra, where each individual member plays a pivotal role in bringing the score to life. A design project operates much in the same way with the goal of being in perfect harmony. Like any good piece of music you need the right parts.

ISABEY INTERIORS

This is the time to *visualize* your space with true to life 3D renderings including the selection of all interior and exterior finishes.

We help you *conceptualize* your ideas into reality.

We provide everything from layout design, 3D renderings to millwork and construction drawings.

FURNISH by ISABEY

Finalize - We offer carefully curated furniture and styling selections and are with you until the final painting is hung and that special chair is in place with easy access to everything home at *Furnish by Isabey Interiors*.

FURNISH *for* YOU

Gift - *Furnish for You* has been curating custom and specialized gift boxes in the Okanagan since 2020. From corporate gifting to baby shower baskets, *Furnish for You* can create a timeless gift that brings you and your loved ones together.

*The Intention of Design sets the foundation central to the wants and needs of the inhabitants.
It's about your project's purpose for connectivity, health, sustainability, and aesthetics.
Isabey Collective makes your intention theirs.*

isabey INTERIORS

THE INTENTION OF DESIGN

Isabey Interiors is an award-winning design company based in Kelowna BC, specializing in both luxury residential and commercial designs. That is what we do, but not who we are. We are a team of individuals who care about our projects. We approach each design with the same objective - to ensure our clients' needs are met, and to do what we can to make it an enjoyable process. Your project should reflect your needs and who you are - that is what will make you fall in love with your space. There are notable differences in working with Isabey Interiors. You will work with more than one designer on a home renovation project, new home design or commercial space. The entire process is considered at the very beginning - landscape design, furniture planning and more. This will provide you with the best result for your project.

furnish
BY ISABEY INTERIORS
HOME FURNISHINGS + DECOR

FURNISH *by* ISABEY INTERIORS

Furnish by Isabey Interiors, our retail home decor and furniture store, brings our designer’s style to life in one, shoppable location. High-quality product collections, hand-picked by our team which include home decor, premium furniture, and lifestyle products.

FURNISH *for* YOU

Founded by a team of artisans that love to celebrate moments, Furnish for You has been curating custom and specialized gift boxes in the Okanagan since 2020. From corporate gifting to baby shower baskets, Furnish for You can create a timeless gift that brings you and your loved ones together. It will be a collection of all things home, designed for a specific area, whether that be an entryway console, dining room credenza, powder room, living room or coffee table. Our team believes in supporting local, eco-friendly, woman-owned businesses through our gift curation. We aim to provide outstanding service and create custom gifts that are tailored to the client and occasion.
